

Upriver Schools Board Report
Steven Porter – Principal
4 Feb 2018

K-12 Attendance (As of 4 February 2018)

CVSS: 20 JJSS: 20 JESS: 18 GMS: 15

Second semester is up and running now for all 4 upriver schools. 3+ weeks are in the books now. We have 2 teachers per site with the exception of JJSS, but we have added needed instructional aides to help Mr. Spencer with the workload.

RTI was last week and attended by Cee Lewars and Jasmine Williams from CVSS. Cee stayed on for a post-conference event and for a special training offered through Alaska Child and Family.

We're planning our upriver basketball tournament for 8-9 Feb, but due to a variety of reasons, including a new flu outbreak in SRV, we might be postponing.

With that said, we have been hit rather hard with the flu bug since the return from winter break. It seems to take about 2 weeks to get over it.

There really hasn't been much going on upriver the past 2-3 weeks. We are getting ready for testing, but that hasn't started yet.

I will just leave it here until next month.
