### Legislative Update: Concerns!!!!

- ❖ Proposed cuts to Education by Gov. Dunleavy
  - SB 39 - Supplemental budget cut education funding by \$20M – in the current year (FY19). A cut in monies that have already been spent because they were already appropriated is a true indicator of what lies ahead.
  - Cut of \$1.7M from to the School Broadband Access Grant (BAG) program.

### Aircraft Purchase:

- ❖ Thoughts on keeping the 172 or selling?

### School Construction Project:

- ❖ Board resolution approving the CMGC delivery method.
  - KuspuK School District
  - Board Resolution:

The Board hereby resolves to support moving forward with Qualification-Based (plus limited pricing) CMGC contractor selection/project delivery method as defined in the DEED Project Delivery Method Handbook.

The purpose for this is to gain the advantage of contractor input into the building design, to begin sitework prior to design completion, order materials this year, and to complete the project much earlier than a conventional delivery method.

We understand that should negotiation of a final Guaranteed Maximum Price be unsuccessful the Board may terminate the CMGC agreement and move to bid the project.
