

MKEA “Highlighting”

Aniak AMNES

5th/6th Grade

Retired ADF&G employee Doug Molyneaux came to work with students on a simulation of the MSE raft trip “Survey of the Juvenile Fish Community in the Salmon and Aniak Rivers”. Students began by learning about salmon life history. They formed hypotheses and then conducted a hands on simulation that had students sorting fish, developing graphs and analyzing data. Students will use the data to create Science Fair Projects.

Stony River GMS

Stony's Upper School is planning to travel around Alaska this Spring Break and the entire school will be visiting the Anchorage area to help the kindergarten students celebrate their successful completion of their kindergarten year. This will allow Upper School to visit some of the places they have read about and our Elementary students to see some of the places and ideas that they will encounter throughout their academic career.

Crooked Creek

Crooked Creek has started a cultural class that is being taught by Malfa (Molly) Waskey.

Sleetmute Board Report February 2017

We are almost halfway through the 3rd Quarter, hard to believe. We kicked off the New Year raising money for the Leukemia and Lymphoma Society. Our students promoted the event by wearing pajamas on Penny Day, neon colors on Nickel Day, dazzling attire on Dimes Day, crazy hats and socks on Quarter Day, and finally team jerseys on Dollar Day. Students also held a pizza and game night at the school for community members and donated the proceeds to the Leukemia and Lymphoma Society. Students did an amazing job and were able to raise about \$400 in one week!

Students have also been busy getting their basketball practices in for the annual Upriver Tournament that will be held in Chuathbaluk this year on February 8-9, 2017. Sleetmute will be sending about 5 eligible students to compete in the tournament.

Sleetmute students have also been working very hard on preparing for the District Battle of the Books competition. Students have participated in several practices with Aniak teams and are geared up for the District Battles on February 7 and 8, 2017.

Students have also been planning a Restaurant Night at the school for February 18, 2017. Their theme this year is Italy. Students will be cooking up some authentic Italian food and practicing to be hosts/ hostesses, waiters and waitresses, and cooks!
