

August Superintendent's Report
August 2017

Staffing:

An "intent to hire" for the second grade position at Auntie Mary Nicoli Elementary has been sent. As of date, confirmation has not been received in regards to acceptance of the second grade position. An interview was conducted for the fourth grade position in Kalskag, an "intent to hire" was sent out and the individual has accepted the position.

Superintendent Travel:

Individual site visits are being planned, and it is my hope to visit each site during August and September.

September 19-23 - Attend Superintendent Fall Meeting

Assistant Superintendent Duties:

Erich's primary duties as Assistant Superintendent will be to assist the Superintendent in all aspects of the district as well as continuing duties as Student Services Coordinator. Specific duties, but not limited to will involve assisting in staff evaluations, developing PowerSchool Reports such as Oasis, Attendance, etc., provide for staffing and professional development to meet student learning needs, parent involvement, and promote positive school-community partnerships.

On the Radar:

- ★ Update of Classified Handbook

Site Issues:

The demolition and disposal of the old BIA School in Stony River was contracted out approximately two years ago, since then the project has been abandoned by the individual. Jeromy and I will work out a plan to finish this project. I checked on whether or not we may

qualify for an Impact Aid Discretionary Construction Grant, which has also been discussed in brief with Jeromy. Unfortunately since the building has not been utilized we do not qualify for the Discretionary Grant. See photo below of the current state of the building.
