

# Student Rep Board Report

## September 11, 2018

Submitted by Jena Boelens

This school year is off to a great start. Some of the activities that our district have had so far are the George River Internship (July 19- July 28) Math Science Expedition (Aug 10-Aug 20) and a visit to Aniak from Doug Molyneaux to help get students started on the MSE challenge.

The other schools are still getting their student governments set up.
