PHILOSOPHY

BP 0100

The School Board is committed to providing a program of instruction which offers each child an opportunity to develop to the maximum of his/her individual capabilities. The School Board believes that all students can succeed regardless of their race, background or ability. Furthermore, the School Board believes that a culturally responsive education in which District staff practice a high level of cultural proficiency will honor and positively influence the opportunity for students of all cultures to become successful individuals, exemplifying positive values and improving communities and the world. School staff shall embody this philosophy in all district programs and activities.

~~In accordance with state education policy, the purpose of education is to help ensure that all students will succeed in their education and work, shape worthwhile and satisfying lives for themselves, exemplify the best values of society, and be effective in improving the character and quality of the world about them.~~

KSD Vision Statement:

Kuspuk School District aam ikayuqluki ukurmiut qaqicillerkaatnun elitnaurat elluatuluteng nutemllarmek cayaramek cali ellarpagmiutarmek.

The Kuspuk School District will work with community members to graduate all students who will be successful in both the traditional and global society.

Our students will:

- Act as responsible citizens demonstrating personal/social skills
- Possess academic, communication, and technical skills;
- Learn throughout life, and
- Become self-sufficient.

~~The Kuspuk School Board is committed to providing a program of instruction, which offers each child an opportunity to develop to the maximum of his/her individual capabilities. The Board believes that all students can be successful. School staff shall embody this philosophy in all district programs and activities.~~

The School Board strives to support all students to succeed by creating conditions for learning, teaching, and partnering in the schools. The District's policies and procedures ~~regulations~~ should be considered, adopted, and implemented to further equity and nondiscrimination, cultural safety and responsiveness, student-centered learning and teaching, restorative or trauma sensitive practices, and collaboration with community.
