Kuspuk School District Smart Start 2020 Summary of Important Points for School Opening

- 1) All KSD Schools will open in person on August 20th, with many health and safety protocols implemented, including 6 ft social distancing. School-specific plans will be released before school starts.
- 2) Anyone entering the school buildings, including all students and all staff, must wear a face covering at all times except when eating lunch or not in a public setting.
- 3) Anyone entering any school building (including the district office) will be required to have their temperature checked. If found to have a temperature above 100F after the second temperature check, students and or staff will not be allowed to remain in the building, and will be sent home.
- 4) Staff and students who are ill **MUST** stay home from in-person school and must be sent home if they become ill at school, particularly if they have one or more COVID-19 symptoms: fever or chills, cough, difficulty breathing or shortness of breath, sore throat, runny nose, nausea, vomiting or diarrhea, headache, fatigue, muscle, joint or body aches.
- 5) Anyone entering the school buildings must immediately wash hands or use hand sanitizer stations.
- 6) After 9:00 am, school building doors will be locked and individuals will have to call the school for entrance during normal hours of operation. At this time no visitors or volunteers are allowed on campus. Parents picking up students should wait outside.
- 7) Students are advised to bring their own water bottle, as communal fountains will be off limits.
- 8) Each student will be provided with some basic school supplies to keep at their desk. Students may bring their own supplies but will not be allowed to share.
- 9) Parents who wish to keep their students home will be sent paper packets with an assigned technology device (iPad or Laptop) as soon as available.
- 10) Students and staff traveling to and/or from any destination outside of KSD villages must have a COVID-19 test administered in the village as soon as possible upon return. Additionally, they must quarantine upon arrival until COVID test results come back negative.
- 11) All students will be required to wear masks on the school bus. Bus schedules will be determined by each site to meet social distancing requirements.
- 12) Based on regional health guidelines from YKHC, Kuspuk School District will not operate in-person preschool classes. We will, however, be sending home packets, books and activities for enrolled pre-school students in September.
