

School Board Report

Kalskag Principal - Severin Gardner
March 8, 2018

JOGES

The students and staff of JOGES are enjoying the new snow with the Skiku crew that has arrived in Kalskag this past week. A lot of smiling faces learning how to ski and get back up off the ground. JOGES has completed the WiDa Access testing. Tutoring is still going strong with groups of students staying after school. JOGES is preparing for their cultural week with a long list of activities including beading, sewing and ice fishing.

ZLES

Students at ZLES are also enjoying the Skiku crew's presence. Students are wrapping up their WiDa testing and continuing to work on prepping for the PEAKS testing coming up in April. Tutoring is still going on working on the targeted areas that students need.

ZLES Battle of the Books team received the 3rd place award at the state level of competition. This is the first time in a long time that a Kalskag team has done this well in competing with the Battle of the Books. The Battle of the Books team was coach by Patricia Gardner JOGES kindergarten teacher.

GMSHS

The Kalskag Classic Invitational showed some exciting games and great basketball. Port Alsworth took home the first place trophies for the girls and the boys. Aniak boys came in second and Akiak girls received a second place trophy. The regional tournament is March 1-3. Due to unfortunate circumstances the Kalskag girl's team will not be traveling to regionals. The Kalskag Boys received the third seed and will place Akiak to advance to the championship games.

GMSHS cultural week will be 3/6-3/9 all up river schools and Aniak are planning on attending.
